

Pro Global Announces the Launch of Pro Legal to Streamline Complex Claims Litigation

London, United Kingdom, 24.11.2025 – Pro Global (“Pro”), a leading trusted advisor for the specialist insurance sector, is pleased to announce the launch of its own Solicitors Regulation Authority (SRA) registered law firm, Pro Legal Solutions Ltd (“Pro Legal”), to streamline complex claims litigation.

Developed to service litigated disease and illness claims and abuse claims arising in the jurisdiction of England and Wales. This Pro Legal new venture will provide a dedicated, focused legal service aimed at improving outcomes for clients by offering a streamlined and cost-effective alternative to traditional outsourced legal services. The addition of Pro Legal gives Pro enhanced flexibility, enabling us to work seamlessly alongside our valued panel of legal advisors to improve efficiency, outcomes, and strategic alignment.

Led by Jonathan Richards, an experienced solicitor and Managing Director of Pro Legal, the team at Pro Legal’s primary mission is to handle all stages of complex exposure-based employer/public liability, disease, illness, and abuse claims.

By creating an independent law firm, Pro Global is poised to enhance its value proposition, allowing for faster decision-making, and enhanced data-driven strategies, all while maintaining client confidentiality and providing independent legal advice. Importantly, Pro remains fully committed to its valued panel of legal advisors and views Pro Legal as a complementary capability that can work alongside our existing partners to improve efficiency, outcomes and strategic alignment.

Pro Legal will focus on streamlining legacy claims, removing the complexities and inefficiencies often associated with multiple layers of people and processes. This unique structure is designed to drive efficiencies and deliver improved indemnity outcomes for clients.
